Building a Successful Team

Introduction

Introduction Your team may just be forming, or you may be renewing your goals for the coming year. You may have just added a new team member or even lost a few. When a team changes its character can change and become unsettled.

Objectives This course will take you through the various stages of a team's development and give you Strategies and Tips for guiding your team successfully through the process. You will learn how to recognize and respond to your team's needs and help your teammates work together to build a successful and effective team.

Designed for Team leaders from all business disciplines that need to learn more about group dynamics.

Duration 1 day

Topics

- Create a clear vision of team success.
- Clarify the meaning and purpose of teaming.
- Set team effectiveness goals.
- Guide the team through development phases.
- Establish a foundation in forming.
- Manage team conflict through storming.
- Encourage productivity in norming.
- Attain excellence in performing.
