Project Organisation Structures

Introduction

Introduction Being temporary entities, projects often have to work alongside the permanent organisation of the business. They may borrow personnel from the day-to-day business on a part-time or a full-time basis. Therefore, for the project to work well thought needs to be put into how it is structured in order to avoid conflicts with the routine operations of the business.

Objectives To explain to the trainees the different project organisation structures possible, the Roles in a project and how a project interacts with the business.

Designed for People and businesses with little experience of setting-up projects or where conflict between projects and the business have been identified.
