Succeeding as a Supervisor

Introduction

Introduction A supervisor is a critical player in an organisation's success. Here is where the most valuable resources, particularly the workforce, are either maximized or wasted.

Objectives This course details the most important elements of successful supervision, with attention to both people and organisational skills. There are tools and techniques for making the most of the talents of the work group, personal skill assessments, and methods for organising and managing the work flow.

Designed for New or existing trainees that have a supervisory role.

Duration 1 day
